STANDARDISED LOCAL GOVERNMENT FINANCE STATISTICS (1212.0), a new service introduced on 21 January 1982. This service makes available, on an annual basis, detailed standardised local government finance statistics for all local government authorities (except County Councils in N.S.W.) in the six States and the Northern Territory. The first release is for the year 1979-80 (1979 calendar year for N.S.W.). The service is also available on microfiche and a User Manual is supplied with the magnetic tape and/or microfiche.

JUL 1982

TIME SERIES DATA ON MAGNETIC TAPE AND MICROFICHE (1311.0) - the issue for the September quarter 1981 was released on 15 January 1982. This quarterly service, which commenced with the information for the June quarter 1979, contains monthly and quarterly time series for approximately 1,500 original statistical time series and 400 seasonally adjusted statistical time series - with most series spanning ten to twenty years. The quarterly package always contains the latest data published in 'Quarterly Estimates of National Income and Expenditure, Australia' (5206.0). All of the series in that publication are included in the package as are the series from publications, 'Balance of Payments, Australia' (5302.0) and 'Retail Sales of Goods, Australia' (8503.0). In addition, the service provides a wide range of other important economic and social statistics, especially in the fields of manpower, prices and finance.

Other ABS releases available on magnetic tape are:

AUSTRALIAN MUNICIPAL INFORMATION SYSTEM (AMIS) (1103.0) - first issue for 1971/72; latest issue for 1978-79. The files contain socio-economic data for local government areas for all States. Most recent statistics are provided for population, dwelling characteristics, property valuations and economic activity while time series generally spanning 12 years are provided for vital statistics, building activity, road lengths and local government finance. (This service is also available on microfiche).

AGRICULTURAL INFORMATION DISSEMINATION SERVICE (AIDS) (1106.0) - first issue for 1977/78; latest issue for 1979/80. The service offers small area commodity statistics (for each local government area in each State) drawn from the ABS Integrated Agricultural Commodity Census. The data include information on area, production of crops, pastures, livestock numbers, area of crops irrigated and use of fertilizers. (This service is also available on microfiche).

NIF-10 MODEL DATA (1313.0) - first issue for September Quarter 1981. The service provides some 400 time series forming the data base for the NIF - 10 Model of the Australian economy. A document, 'The NIF - 10 Model of the Australian Economy', published by the Treasury provides a comprehensive description of the Model and gives details of the Model variables. (This service is also available on microfiche).

CENSUSES OF POPULATION AND HOUSING : 1966, 1971, 1976, 1981 (2105.0) - this service provides summary statistics on persons and housing characteristics for Collection Districts and larger geographic areas. Commencing with the 1976 Census some geographic codes and a number of multi-dimensional matrix summary files are also available. (It is expected that the data from the 1981 Census will become available around June 1982.)

AUSTRALIAN NATIONAL ACCOUNTS INPUT-OUTPUT TABLES (5217.0) - this service, which is available for the years 1968/69 and 1974/75, contains tables released in the ABS publication 'Australian National Accounts Input-Output Tables' (5209.0). The tables available on magnetic tape complement the quarterly and annual series of national income and expenditure aggregates. They provide detailed statistics about the supply and disposition of commodities in the Australian economy and are a comprehensive source of information about the structure and inter-relationships of Australian industries.
